

European Society of Gastrointestinal Endoscopy

Dear ESGE President
Dear ESGE Member Society contact

I would like to draw your attention once again to the possible collaboration between your society and ESGE in the organisation of a workshop on advanced endoscopy with live (or video) demonstrations.

ESGE sponsored workshops are hosted under the auspices of the European Society of Gastrointestinal Endoscopy (ESGE) and aim at achieving the following goals:

- To promote the teaching and practice of gastrointestinal endoscopy
- To enhance and assist in the control of quality of endoscopic procedures
- To target their activities to any persons involved in endoscopic procedures

In order to achieve these goals, ESGE offers to provide basic funding and logistical support, as well as expert faculty, to two host centres per year to facilitate the organisation of a video/live demonstration course. Countries hosting workshops are selected by the Governing Board of ESGE.

Should your society wish to organize an ESGE workshop in conjunction with a local organizer (e.g. a medical school, department or unit) a written application should be sent to the Education Committee of ESGE via the ESGE Secretariat at the address below via email. Application is also possible via the ESGE website at www.esge.com. Attached please find guidelines and bid manual.

Should you have any queries please do not hesitate to contact me.

I look forward to hearing from you.

Yours sincerely

István Rác
ESGE Education Committee Chairman
